AGENDA TOPICS

PRESENTERS

SEAPERCH 2021/2022

All

Saturday, April 2, 2022 has been *tentatively* selected as the date of the NCMMA's regional competition at Southwest High School. Easter, spring breaks, solo ensembles, Destination Imagination event dates, etc., are being considered so as to lessen any scheduling conflicts. Schools likely participating represent Door County, Freedom, Fox Valley, Green Bay, and Marinette.

20 SeaPerch kits, funded by the recent grant, will be delivered to Ann September 9. Dennis hopes to have the kits he is constructing finished by mid-September.

- ✓ Ann and Dennis will develop the list of participating schools – past and new. A number of schools have already expressed interest.
- ✓ Outreach to the schools will begin the end of September, with participating schools finalized by the end of October.
- ✓ Ann will drop-off any kits for confirmed Marinette County schools on October 7.
- ✓ Dennis will coordinate distribution of the remaining kits and setup training for new coaches.

RECAP: YWCA BOAT BUILD – 8/12/2021

Although there were not as many participants as originally projected, the event worked out well, allowing more time to assist attendees. Jill Thiede and Josh Delforge facilitated the build and enjoyed helping the girls work through the steps.

VIRTUAL BOAT BUILD

October 12, 2021 | 6:00 to 8:00 PM

Participating groups will be finalized by September 30. Dennis will inquire if local 4H has members would like to participate. Ann and Dennis will deliver the kits. Dennis is available to facilitate the build; however, Josh has a schedule conflict the evening of 10/12 and may not be available.

DOOR COUNTY MARITIME MUSEUM GRAND OPENING OF THE MARITIME CAREERS EXHIBIT

The Fincantieri Marinette Marine career videos are being edited for release.

ASSOCIATE MEMBER EVENT PLANNING

Fincantieri Marinette Marine is finalizing the date with their CEO. October 14 is being targeted, 8:30 to 10:30 a.m. Upon confirmation, Ann will inform members; hopefully, this week. The event would be hosted in FMM's annex that can potentially host up to 200 attendees. A plant tour could be held but would be by invite only, due to COVID.

Associate members and marine builders will have an opportunity to share about their organizations'. An electronic magazine will also be produced that will allow each participating associate member to have a full-page ad.
